

KONG®

IMPACT PROTECTION GLOVES

US PATENT PENDING

Product of the Year Award Winner
OHS 2010

Reduces **three** most common hand injuries

- 3**
- Hairline Fractures
 - Bruising Blows
 - Pinched Fingers

KONG® ORIGINAL

The original oil and gas impact resistant glove developed to reduce or eliminate hand injuries. Designed and built for the oil and gas industry, but tough enough for any industry that experiences hairline fractures and bruising blows to the hands and pinched fingers.

DEVELOPED collaboratively with the Oil and Gas industry Safety Committee

VALIDATED by independent lab testing at the University of Wisconsin-Milwaukee Ergonomics Department

PROVEN RESULTS through thousands of successful hours in the field
